.We just got this back from Pro Cutter being repaired. It works 100%. Has a brand new remote. I also have the old remote.

The Pro Cutter 1502 Training System is a full-sized, multi-speed trainer with a host of impressive features. Using the remote control, the rider is able to start, stop, change directions, AND shift between Speeds 1 and 2. This Speed Shift Technology promotes proper turns by providing slower Speed 1 to promote "draw", then faster Speed 2 to accelerate the horse through the turn. Dynamic braking brings the system to a firm, controlled stop. Other features include soft-start, climate control, logic control, and improved Speed Shifting to provide seamless transitions from slow to fast speeds

1. Colorado Saddlery spurs.
2. Horse head spurs
3. Snake head spurs
4. Silver inlaid VOGT stamped spurs

HIP# 700

Cacti is 7 years old 13 hands tall, and has all the shape one should have. Cacti is one of the coolest ponies around, with a handle. We have pasture roped off of him, checked fences and the kids have rode him english and took him over the jumps he would fit into most anyones program! 110% sound mind and body.

HIP# 701

Isabel is a beautiful, dapple gray, Icelandic pony mare. She is thirteen hands tall, and wider than most wide horses, suitable for any size of rider. Not a kids horse, for experienced riders only. Isabel is amazing with all the animals. Is okay with going through water, doesn't exactly like baths. She's a very fast learner, and bonds quickly with new people. AMAZING ground manners! Due to past hoof issues, fresh grass should be limited. Recent hoof trim, and hoof x-ray, cleared by vet to ride. Picks up all four feet, loads, stands tied, no bite or kick.

Mason is a 8 year old grade Bay QH gelding standing 15 hands and weighing 1100 he's lived his whole life on a ranch in Nebraska he's done all the ranch chores he looks through the bridle like one is suppose to nice big gelding that you'll enjoy.

HIP# 729

7 year old grade mare. Stands 15 hands. Started right with an easy handle. Owner is in college and can't give her enough time. Easy to catch, groom and saddle. Stands to have her feet trimmed. I don't know if she has ever had shoes but her feet are good and hard. Rides better when being rode a few times a week. Built right for a 24/7 using horse. Sound all around. Previous owner told us she was spayed but we have no confirmation of that. Has trail rode some and does well but not advertising as a trail horse. She's not finished enough for the average trail rider yet. Dewormed this spring. Probably due for a teeth float. Cowboys and gals, take her and start using her!

HIP# 730
