HIP# 32

Gelding pony in his 20's. Gentle and easy to get along with. Kids have rode her all over, been there done that types UTD on everything but could use a trim.

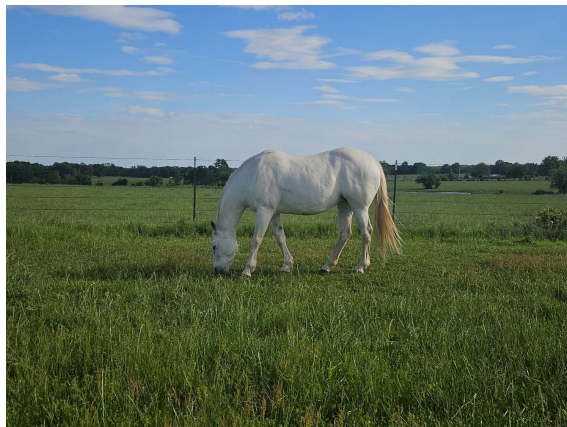

HIP#33

Dreamer is a 3yr old Gelding. Hasnt been started yet, just halter broke. Hes gentle ands easy to be around.

HIP#34

12yr old grey mare. Very gentle and is broke to ride. A beginner can ride her.
Believe she is 14 hands

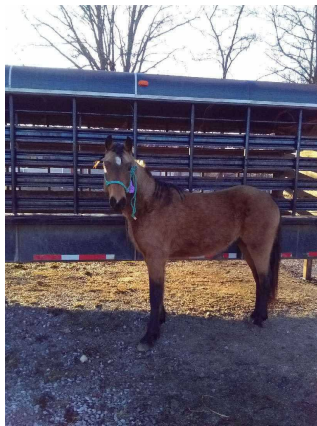

HIP#35

Ms Snappy Bar Queen .2015 Chestnut mare 14.3hh currently open. Excellent mother all born in pasture. She would thrive as a pasture bred breeding program. She is hard to catch. We are not set up anymore to handle one that needs patience to catch. She leads, loads, stands quietly in stocks for ultra sounds. Utd on shots.

HIP#36

5 yr old green broke Missouri Fox Trotter. Has been on the back burner. Needs a confident rider.

HIP#37

.Rosa, 21 year old grade mare. I have used her the last 2 years as my barrel horse but she has arthritis in her front left knee so I can no longer use her. She would be great for a beginner horse or light trail horse or even just a broodmare. She loads, stands, baths, good for farrier. She is good with other horses, mares or gelding. She can be aggressive at feeding time so I just feed her by herself separately. UTD on shots, wormer

HIP#38
